

Alex Johnson

Data Scientist | Machine Learning | Analytics

Email: alex.johnson@email.com | GitHub: github.com/alexjohnson | LinkedIn: linkedin.com/in/alexjohnson

Professional Summary

Data Scientist with 4+ years of experience building predictive models, analyzing large datasets, and delivering data-driven insights. Strong background in statistics, machine learning, and production-ready analytics.

Technical Skills

- Programming: Python, SQL, R
- Machine Learning: Regression, Classification, Clustering, NLP
- Libraries: Pandas, NumPy, Scikit-learn, TensorFlow, PyTorch
- Data Visualization: Matplotlib, Seaborn, Power BI
- Tools: Git, Docker, Jupyter, Airflow

Professional Experience

Data Scientist – ABC Analytics (2021 – Present)

- Built and deployed machine learning models improving forecast accuracy by 18%.
- Analyzed customer behavior data (10M+ records) to drive retention strategies.
- Collaborated with engineering teams to productionize models using REST APIs.

Selected Projects

- Customer Churn Prediction using XGBoost and SHAP for interpretability.
- NLP-based sentiment analysis on social media data using BERT.

Education

M.S. in Data Science – University of Example (2019 – 2021)
